

**Reporting Template for the implementation of the
Programme of Action to Prevent, Combat and Eradicate the Illicit Trade in
Small Arms and Light Weapons in All Its Aspects (PoA)**

and the

**International Instrument to Enable States to Identify and Trace,
in a Timely and Reliable Manner, Illicit Small Arms and Light Weapons (ITI)**

- National reports are the primary tool to assess the implementation efforts of the Programme of Action.
In 2008, States requested further standardisation in reporting.
This reporting template was developed to combine user-friendliness with increased analytical value, and was welcomed by all States in 2010.
It closely follows the Programme of Action and the International Tracing Instrument.
- Not all areas may be applicable or a priority to every state. Therefore, please note that there are no 'right' or 'wrong' answers.
- States could provide a full report for their next report due before the Programme of Action Review Conference Preparatory Committee, scheduled for 19-23 March 2012. Thereafter, an update on relevant sections every two years would suffice.
- Only formally identified National Points of Contact or the Permanent Missions of Member States can submit a national report.
- The reporting template can be downloaded. Draft versions can be saved and printed, in order to obtain internal approval where necessary, before submission.

Any further comments on PoA and ITI, including implementation challenges and opportunities? [Please detail]

La Côte d'Ivoire a connu depuis plus d'une décennie une crise militaro politique qui a exacerbé l'ampleur de la prolifération et de la circulation illicite des ALPC. La situation est à la normalisation en 2012.

La Côte d'Ivoire doit faire face à plusieurs défis, qui s'inscrivent également dans le cadre du POA et du ITI . Il s'agit notamment : de la sensibilisation, du renforcement du cadre de la législation sur les armes légères et de petit calibre par rapport à la Convention de la CEDEAO, l'amélioration du renforcement de la sécurité physique des sites de stockage et du système de gestion des stocks d'armes et munitions, de la collecte et de la destruction des armes et munitions, du contrôle, de l'enregistrement et du traçage des armes, du contrôle de la production artisanale et du renforcement de la coopération transfrontalière.

N/B : Les questions de la section 3 ne sont pas applicables car le transfert international d'ALPC n'est pas en vigueur en Côte d'Ivoire.
