a) An end-user certificate (EUC) from the importing country
i) What elements does an end-user certificate in your country contain (check relevant boxes)?
   - Detailed description (type, quantity, characteristics) of the SALW or technology [✓]
   - Contract number or order reference and date [✓]
   - Final destination country [✓]
   - Description of the end-use of the SALW [✓]
   - Exporter's details (name, address and business name) [✓]
   - End-user information (name, position, full address and original signature) [✓]
   - Information on other parties involved in the transaction [✓]
   - Certification by the relevant government authorities of the authenticity of the end-user [✓]
   - Date of issue [✓]
   - Other [ ]

b) Other types of end-user documentation

NB. It is imperative to indicate that, Namibia does not manufacture firearms. However, this does not prohibit local gun dealers who acquired their stock from manufacturing countries to sell firearms to buyers outside the boundaries of Namibia. Thus, in this particular situation the End User Certificate (EUC) is an indispensable requirement whereby all the aforementioned information is carefully and mandatory checked.

5.5. Does your country verify or seek to authenticate EUCs or other types of end-user documentation provided?

Yes

5.5.1 Details:
1. This is done through the Joint Commissions on Defence and Security existing between Namibia and all her neighboring countries. 2. We do liaise at the Regional Coordinating Committee (RCC) on Small Arms and Light Weapons a forum for the SADC National Focal Point Coordinators.

5.6. Does your country have measures in place aimed at preventing the forgery and misuse of EUCs or other types of end-user documentation?

Yes

5.6.1 Details:
The Joint Commissions on Defence and Security with the neighbouring countries took a firm decision to desist from issuing End User Certificates [EUCs] at provincial/district level. Currently, EUCs are only issued at national levels and there are designated officers who are authorized to issue such documentations. Thus, the designated officers do contact each other to verify the authenticity of the EUCs.

Any further comments on PoA and ITI, including implementation challenges and opportunities?

In our last report, Namibia compiled the list of her financial and technical requirements for assistance, which was submitted to the UNODA. Consequently, Namibia is urging the UNODA to revisit our request and provide feedback on what action had been or to be taken in that regard. Equally, Namibia urge the UNODA to consider the areas indicated in this report (2014) where the country indicated needs for assistance in order to strengthen the country’s capacity in her quest to sustainable
Implement the UNPoA.
