The Meeting also considered, on the basis of the list of questions provided by the Chairman in his letter of 20 May to Member States, the implementation of the Programme of Action with respect to the following 13 themes: weapons collection and destruction; stockpile management; disarmament, demobilization and reintegration of former combatants; capacity-building; resource mobilization; institution building; marking and tracing; linkages (terrorism, organized crime, trafficking in drugs and precious minerals); import/export control; illicit brokering; human development; public awareness and culture of peace; and children, women and the elderly. International cooperation and assistance was discussed as a cross-cutting theme relevant to all the themes.
19.
