

United Nations
Programme of Action
Implementation Support System: PoA-ISS

...facilitating global action on small arms and light weapons

MATCHING NEEDS AND RESOURCES 2012 - 2014

Assistance proposals from Member States submitted through their 2012 national reports under the Programme of Action on the illicit trade in small arms and light weapons

The UN General Assembly has welcomed the Programme of Action Implementation Support System (PoA-ISS: www.poa-iss.org), the web-based platform for the implementation of the UN Programme of Action (PoA) on small arms.

PoA-ISS provides all relevant information, from key UN documents and practical implementation guides such as the International Small Arms Control Standards, to an electronic reporting function for national reports.

It also functions as an on-line clearing house for matching needs and resources regarding small arms-related international cooperation and assistance.
